

FOOTBALL

25 T-PRO Groundmarker Grass Tufts are required to cover all of the crosses and the two penalty spots on a standard football pitch.

The measurements must be taken in the middle of the penalty spots and not outside the middle.

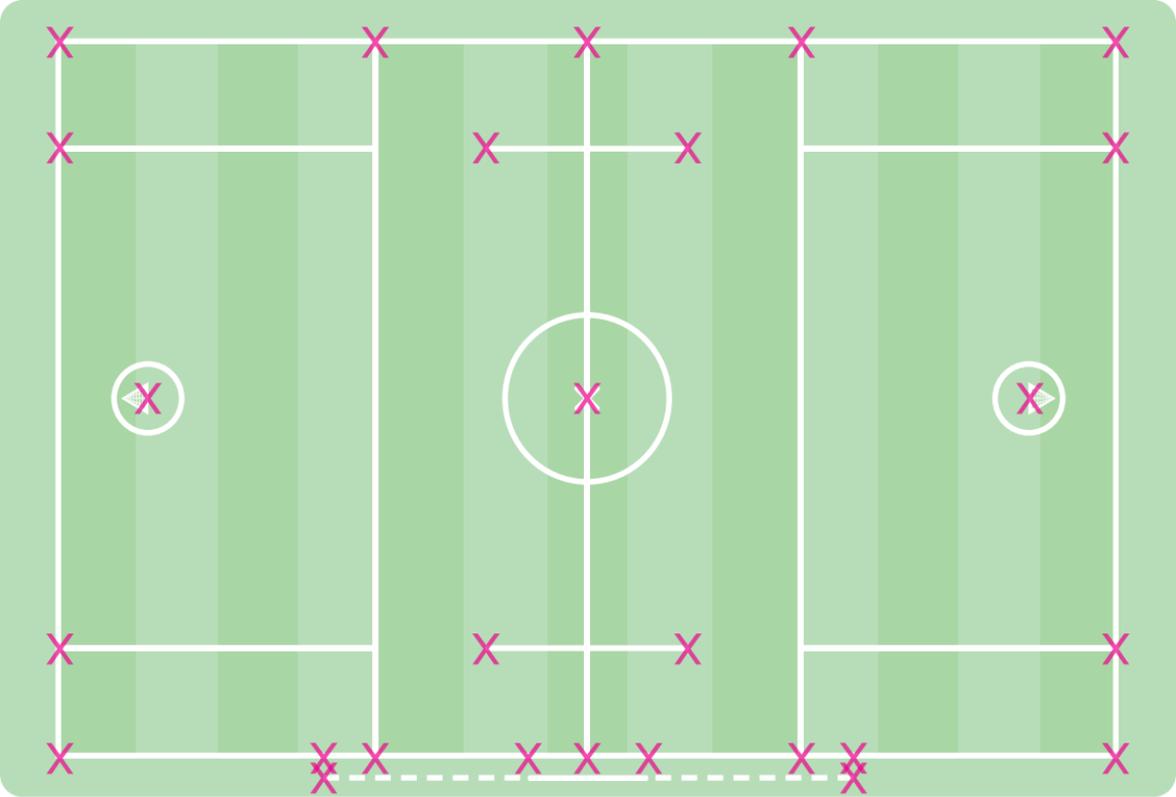

AMERICAN FOOTBALL

50 T-PRO Groundmarker Grass Tufts are required to cover all of the sidelines on a standard American Football pitch, provided that only the 5-yard lines on the field lines on both sides are marked.

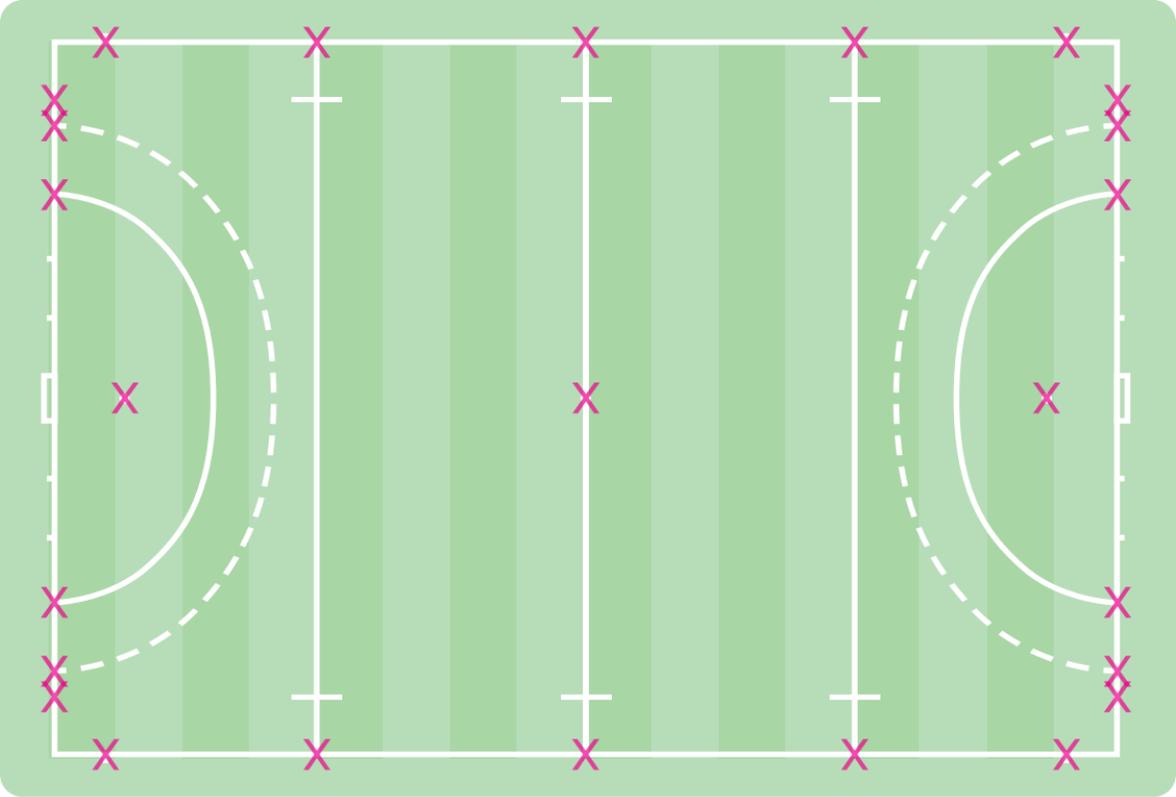

LACROSSE

Because the line markings in lacrosse are complex, we recommend 2 T-PRO Groundmarker Grass Tufts for the end lines, 2 for the remaining lines, four for the middle circle and for the defence and attack areas at least 20 T-PRO Groundmarker Grass Tufts (see graphic).

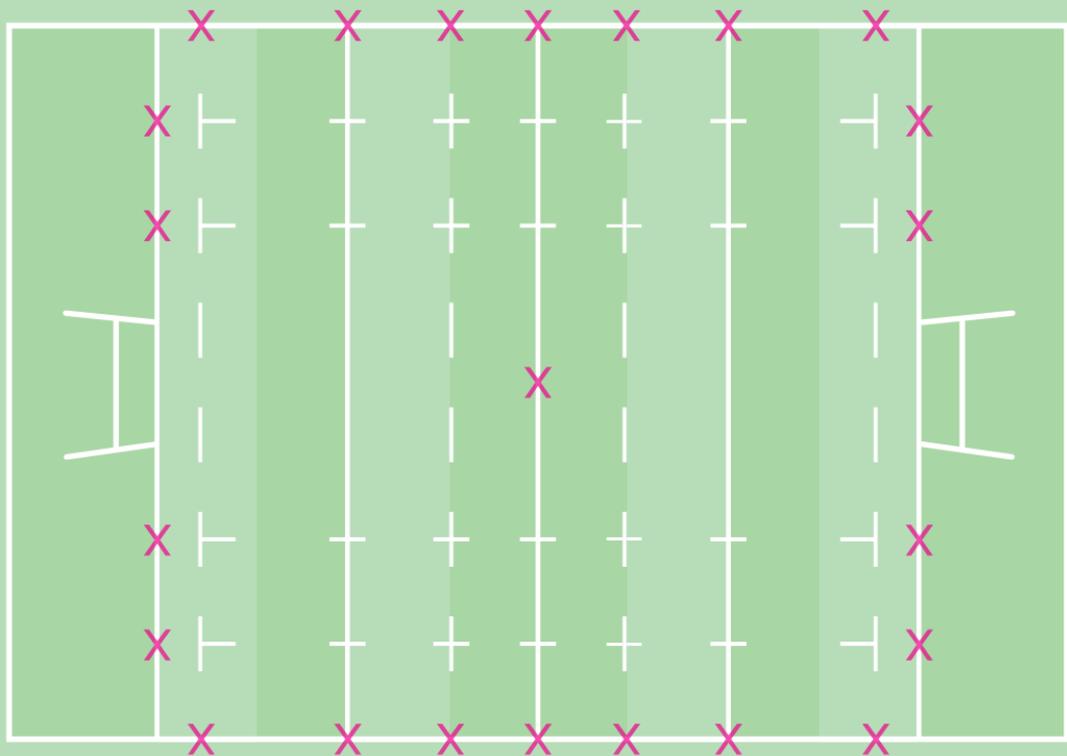

FIELDHOCKEY

There are several types of field hockey fields, so these recommendations are for information purposes only. It is expected that between 30 and 46 T-PRO Groundmarker Grass Tufts are required, 18 on the sidelines, 2 on the penalty spots, 10 in the goal area, depending on whether the quarter circles are marked or not.

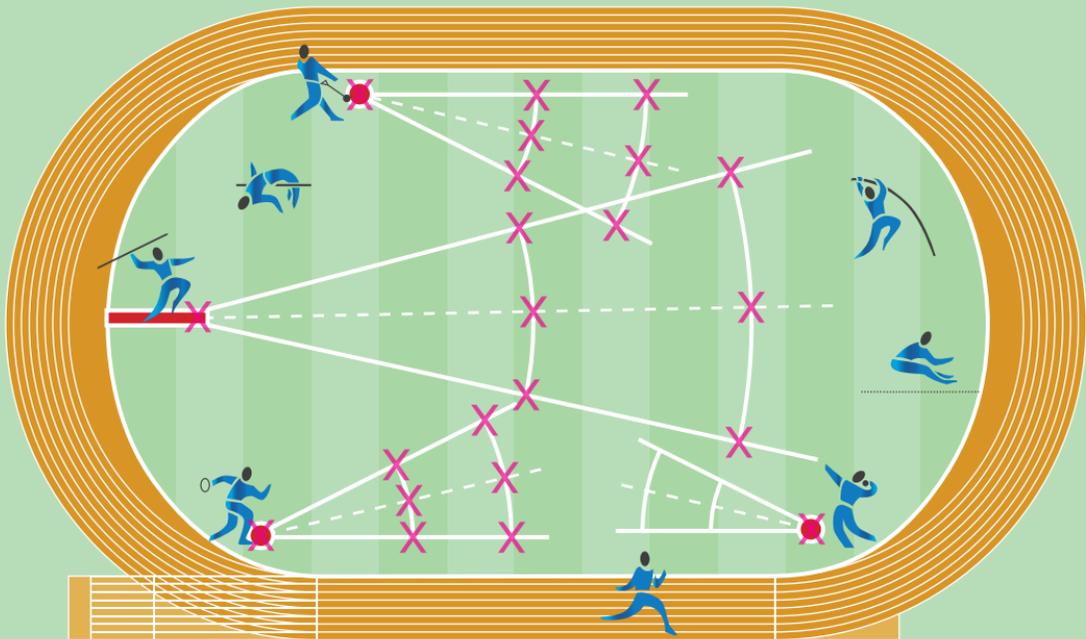

RUGBY

You can mark out a rugby league field with 25 T-PRO Groundmarker Grass Tufts. (At the goal lines, the 20-metre lines, the 10-metre lines and the touchlines. You can mark the dead ball lines or dashed lines with additional T-PRO Groundmarker Grass Tufts.

ATHLETICS

You can mark the athletics throwing disciplines with around 25 T-PRO Groundmarker Grass Tufts. Use more T-PRO Groundmarker Grass Tufts if you want to mark other disciplines.

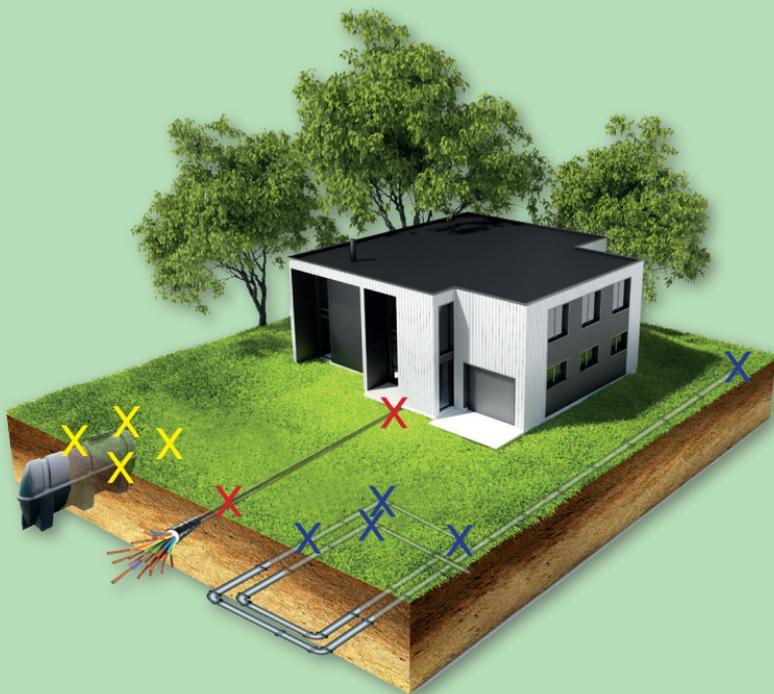

GOLF

T-PRO Groundmarker Grass Tufts can be used on almost any golf course.
For example: blocked areas, obstacles, distances, tees for men, women, seniors, children, out-of-bounds, water pipes and much more.

GARDEN

T-PRO Groundmarker Grass Tufts can also be used in the garden. For example, to mark cables, water tanks, water pipes and much more.
